

Innovation, flexibility and choice, that's the Beatson Clark difference

Innovation

With a unique pro-active approach to design, innovation is at the heart of Beatson Clark. An award winning design service with 3D CAD systems delivers new designs for clients in the food, beverage and pharmaceutical markets every year.

An extensive general sale range has also been built up over the years, with containers in a variety of shapes and sizes readily available.

Flexibility

In today's competitive marketplace, clients need a supplier who can be flexible enough to meet the challenges they face. Beatson Clark offer speed to market with a worldwide distribution base, fast tracking on new products and bespoke containers from just 500k units.

Cost effective design solutions such as embossing standard containers are also available, and can be run as part of a standard campaign from quantities as small as 150k units.

Niche products are our speciality and our flexible approach means we are capable of both small and large production runs, depending on the needs of our clients.

Choice

Beatson Clark is the first choice for those looking to the future of packaging. Our policy of continual improvement and investment programs are delivering superior products. These coupled with enhanced recycling and the sustainable credentials of glass make Beatson Clark the environmental choice too.

Several lightweighted products already feature in the general sale range, and with over 250 products to choose from in both white flint and amber, Beatson Clark remains the glass manufacturer of choice.

Glass is the sustainable and safer choice

- 100% infinitely recyclable & never degenerates
- Made from locally sourced raw materials
- On average containers have 40% recycled content
- Does not contain harmful chemicals such as Bisphenol A or Latex
- Totally inert and keeps the product safe from contamination
- Only packaging material exempt from REACH registration
- Only packaging material to receive GRAS classification from the American FDA
- Amber glass protects the contents from ultra-violet light

BEATSON CLARK 

DELIVERING THE DIFFERENCE

NECK DETAILS

TO  Twist off or vacuum lug finish - suitable for food products

MTO  Medium twist off - variation of the twist off

MCA  Variation of the ROPP, MCA2 and MCA3 variants are suitable for carbonated beverages

P-PACKS  Shrink wrapped modular packs

All pallets are heat treated to ISPM15.

They are hot brand certified and marked with the IPPC logo.

Certain packaging types may not be available on some products. Full packaging specifications available on request.

REGULATIONS/TECHNICAL

CONTAINER DECORATION

We offer pressure sensitive labelling, shrink sleeving and spray coating for the majority of standard glass containers. Information available on request.

ULTRA-VIOLET LIGHT PROTECTION

Beatson Clark amber glass affords protection to the contents from attack by ultra-violet light below a wavelength of approximately 450 Nanometers. This meets the requirements for light transmission in the US and European Pharmacopoeia and the British Standard BS1679 - Containers for Pharmaceutical Dispensing.

All Beatson Clark glass containers are manufactured in accordance with the Materials and Articles in Contact with Food Regulations 2005.

Beatson Clark manufacture 'Soda Lime Silica' glass that conforms to both European and US Pharmacopoeia type III standards for hydrolytic resistance.

Please note: The measurements in this leaflet are intended as a guide only.

Product photograph is for illustration purposes only. Capacity listed is to fill point.

Full specification drawings available on request.

All products are available in white or amber subject to minimum quantities.

Beverage

All our bottle bases are round.

250ml ROUND CARBONATED WINE COOLER (MCB)
Code: 2226
Capacity: 250.0ml
Colour: White
Height: 190.1mm
Diameter: 63.4mm
Weight: 255g
Neck Finish: MCA 2

250ml MINERAL WATER (MCB)
Code: 2625
Capacity: 250.0ml
Colour: White
Height: 165.0mm
Diameter: 64.0mm
Weight: 160g
Neck Finish: MCA 2

250ml TALL BIDON (MCB)
Code: 3705
Capacity: 250.0ml
Colour: Amber
Height: 157.4mm
Diameter: 60.1mm
Weight: 140g
Neck Finish: Shallow Crown

275ml CURVY
Code: 2402
Capacity: 275.0ml
Colour: White
Height: 212.1mm
Diameter: 58.0mm
Weight: 218g
Neck Finish: Shallow Crown

275ml NON-REFILLABLE BEER (MCB)
Code: 3074
Capacity: 275.0ml
Colour: Amber
Height: 218.0mm
Diameter: 58.0mm
Weight: 210g
Neck Finish: Shallow Crown

330ml NON-REFILLABLE BEER (MCB)
Code: 1907
Capacity: 330.0ml
Colour: Amber
Height: 226.9mm
Diameter: 60.7mm
Weight: 218g
Neck Finish: Crown

330ml GRIP DRINK
Code: 0951
Capacity: 330.0ml
Colour: White
Height: 175.9mm
Diameter: 70.6mm
Weight: 207g
Neck Finish: MCA 3

330ml SPARKLE DRINK
Code: 0952
Capacity: 330.0ml
Colour: White
Height: 195.4mm
Diameter: 68.6mm
Weight: 209g
Neck Finish: MCA 3
