

pirlo

If anyone CAN – we CAN!

2K-UniCan

Two components safely packaged and united

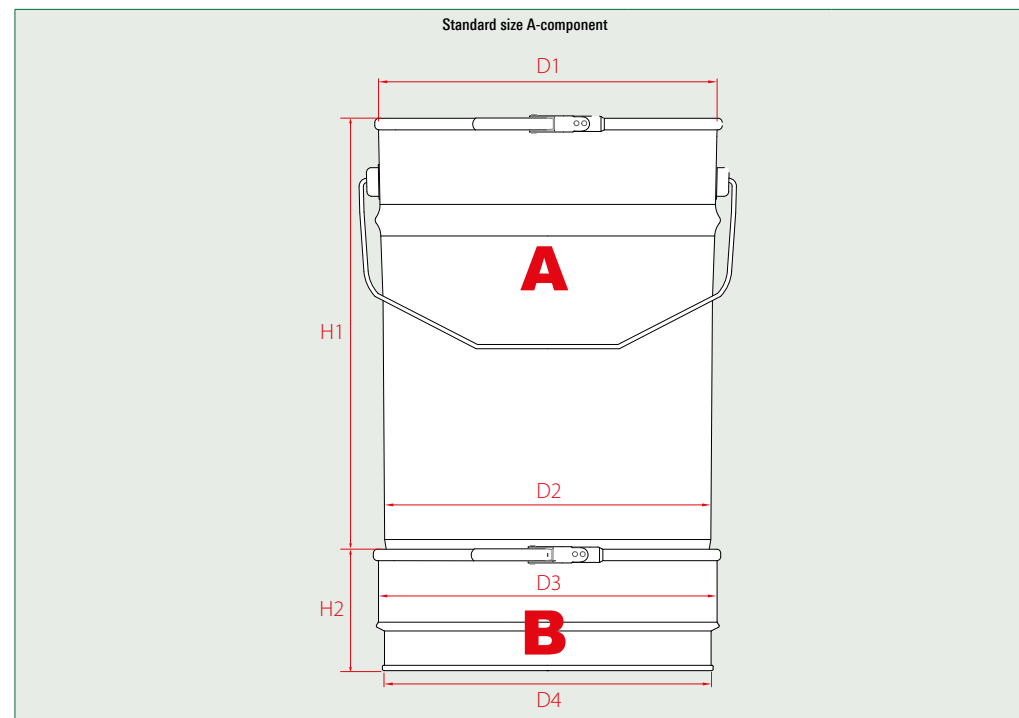

2K-UniCan

Two become one: 2K-UniCan combines metal containers

The benefits of 2-component UniCan „made by Pirlo“ at a glance:

- ⇒ Hazardous products certification for both A and B component
- ⇒ Special lid geometry of the lower container connects two metal packaging elements to ensure safe transportation together
- ⇒ Conical bucket A component with nominal volumes of 5 L to 12 L
- ⇒ Conical bucket B component with nominal volumes of 2.5 L to 6 L
- ⇒ Same clamping rings for both A and B component
- ⇒ Individual containers and combination stackable

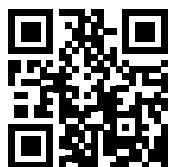

Our experts will be happy to help you with any questions you may have pertaining to the 2-component UniCan. Special can sizes are possible on request.

Nominal Capacity	Dimension	Height	Pieces per pallet	Hazardous goods certification
in l	D1 / D2 in mm	H1 in mm		
6	230 / 217	175	330	UN
