About us

The Spirit of Innovation

Global Player. COLOP is one of the world's leading manufacturers of modern stamps, with over 400 employees worldwide, 120 regular export markets and an export rate of more than 98%. Continuous growth is firmly rooted in COLOP's corporate philosophy, which ensures that the globally increasing demand for high-quality European stamp products can continue to be met in future - it was for this reason that a major expansion of the production capacity at the parent plant in Wels, Austria, and also at the company's second production site in the Czech Republic, have just recently been carried out.

Innovation & Design. Since it was founded over 30 years ago, COLOP has been committed to product innovation in the field of state-of-the-art marking devices, particularly stamps. In 2008, for instance, the company introduced 'Green Stamps' into the stamp world. These stamps are made predominantly from recycled or renewable raw materials. Stamps with antibacterial protection are another of the company's significant innovations. Last but not least with the Printer the personalisation of stamps has become a trend.

Marking Solutions. The range of products comprises a large selection of stamp solutions for different applications, including office and pocket stamps, text and date stamps and rectangular and round stamps. COLOP also supplies all the products and systems necessary to ensure a high-quality stamp imprint. The range of services offered by COLOP is rounded off by e-business solutions for the creation of text plates and the sale of stamp products online, as well as software tools for the personalisation of imagecards.

Quality & environmental management. COLOP's environmental management system has been ISO 14001 certified for many years, which ensures that all processes have been optimised from an ecological perspective. The company has however also had the conviction to make a voluntary, above-average contribution to environmental issues, going above and beyond the strict EU and national regulations. COLOP has been ISO 9001 certified since 2001. This certification forms the basis for a continual improvement process as part of the company's excellent internal quality management system.

High tech production. COLOP attaches great importance to modernity and efficiency in the production process, paying special attention to the energy resources required. Fully automated production and manufacturing of key production lines, ongoing modernisation and upgrading of machinery and constant process optimisations all ensure high quality products and an energy-efficient manufacturing process.

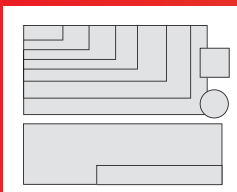

Printer Line

The comprehensive range of self-inking stamps

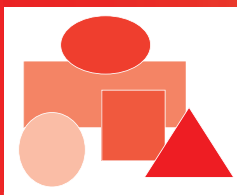

The Printer Line offers a complete choice of sizes from small and handy up to large and generous - the largest range of formats from round to oval and even a triangle.

Produced in high quality materials for reliable, regular and comfortable use

Almost all common sizes are available from very small up to X-large imprints

Available in all kinds of formats from rectangular to triangular as well as from round to oval and more. For eye-catching and outstanding imprints

Offers a wide range of text-, date- and text-date-stamps and even stamps equipped with stock text

The **new** Printer

Unlimited personalisation - unique as you

The new COLOP Printer is designed to integrate all the advantages of a self-inking stamp with a modern outstanding design. Numerous patented innovations and fascinating technical details guarantee easier and more precise stamping.

Pocket Stamps

Essential companions

Multifunctional and always with you - on your desk in the office, or "on the road" in a pocket, around the neck or on a keyring.

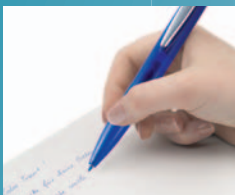

Pocket Stamp Plus:
open - stamp - close
with just one hand

Easy and flexible
to use - effortless
and clean

Small, smart and
portable - with a clip
it goes everywhere

COLOP's pen stamps
are attractive writing
implements, but with
the added function
of a practical stamp

Modern design -
the perfect gift for
everyone

DIY Stamps

Express yourself - impress the rest

The COLOP range of D-I-Y stamps combines the functional advantages of self-inking stamps with the ability to set and create an individual message. D-I-Y stamps are available as typical office stamps as well as handy portable stamps.

Attractive packaging
- stands out in every
retail outlet

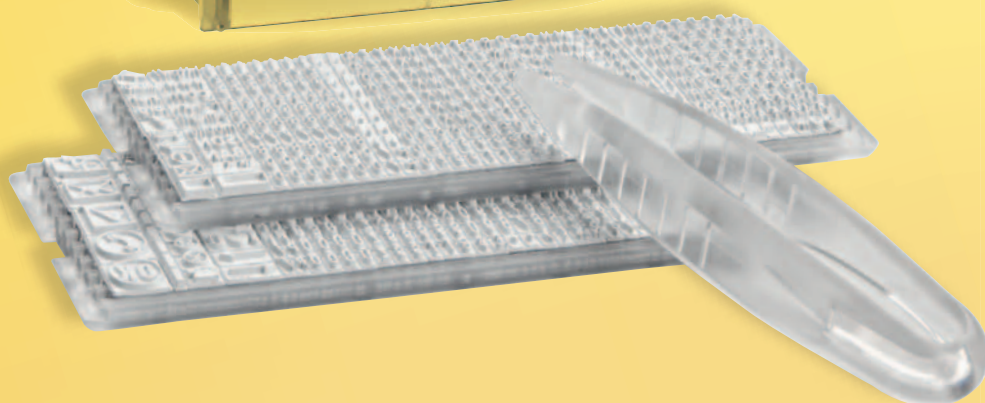

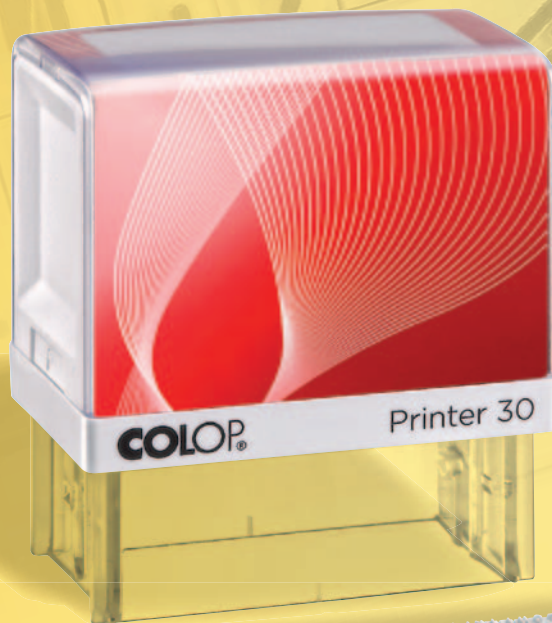

Easy setting of
an individual text
plate using the
tweezers supplied

Flexibility to
change as often
as required

With pictograms
and symbols -
always on the
leading edge

Green Stamps

We take responsibility

COLOP Green Line

The self-inking stamp range predominantly made from sustainable and recycled material. A minimum of between 65% and 80% recycled plastic is used.

COLOP Liquid Wood

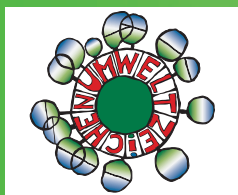

This innovative and pioneering material is based on Lignin - a natural spin off from the paper industry.

Green Stamps are CO₂ neutral - unavoidable CO₂ emissions are compensated by means of investment into climate protection projects (GOLD STANDARD Projects), based on the system boundary "cradle to gate".

The Classic Green Line handles are FSC® certified (Forest Stewardship Council®)

The Austrian Eco-Label is awarded by the Republic of Austria as represented by the Federal Ministry of Environment

The wood used in Liquid Wood originates exclusively from sustainable, certified forestry

Liquid Wood is 100% biodegradable. Because the source material wood is CO₂-neutral, Liquid Wood also has a very small CO₂ footprint.

Microban® Stamps

Stamps with antibacterial protection

In daily life stamps are handled by many different people – this means multiple hand impressions and the transfer of bacteria. Built-in during the point of manufacture, Microban® antibacterial protection inhibits the growth of harmful bacteria.

The main touch points have Microban® antibacterial protection built-in

Left:
Unprotected surface

Right:
Surface protected
with Microban

COLOP are utilising Microban 3G Silver™ technology. Built-in during manufacture, it will not wash off or wear away.

COLOP regularly participate in the Microban Quality Assurance programme

Classic and Expert Line see pages 22-29

Spare Pads

Quality parts that make the difference

COLOP spare pads are developed and produced to fit exactly for COLOP self-inking stamps - a perfect combination for perfect imprints.

Clean and simple exchange of spare pad

Sharp and clean imprints only with the original COLOP spare pads

High quality ink used:

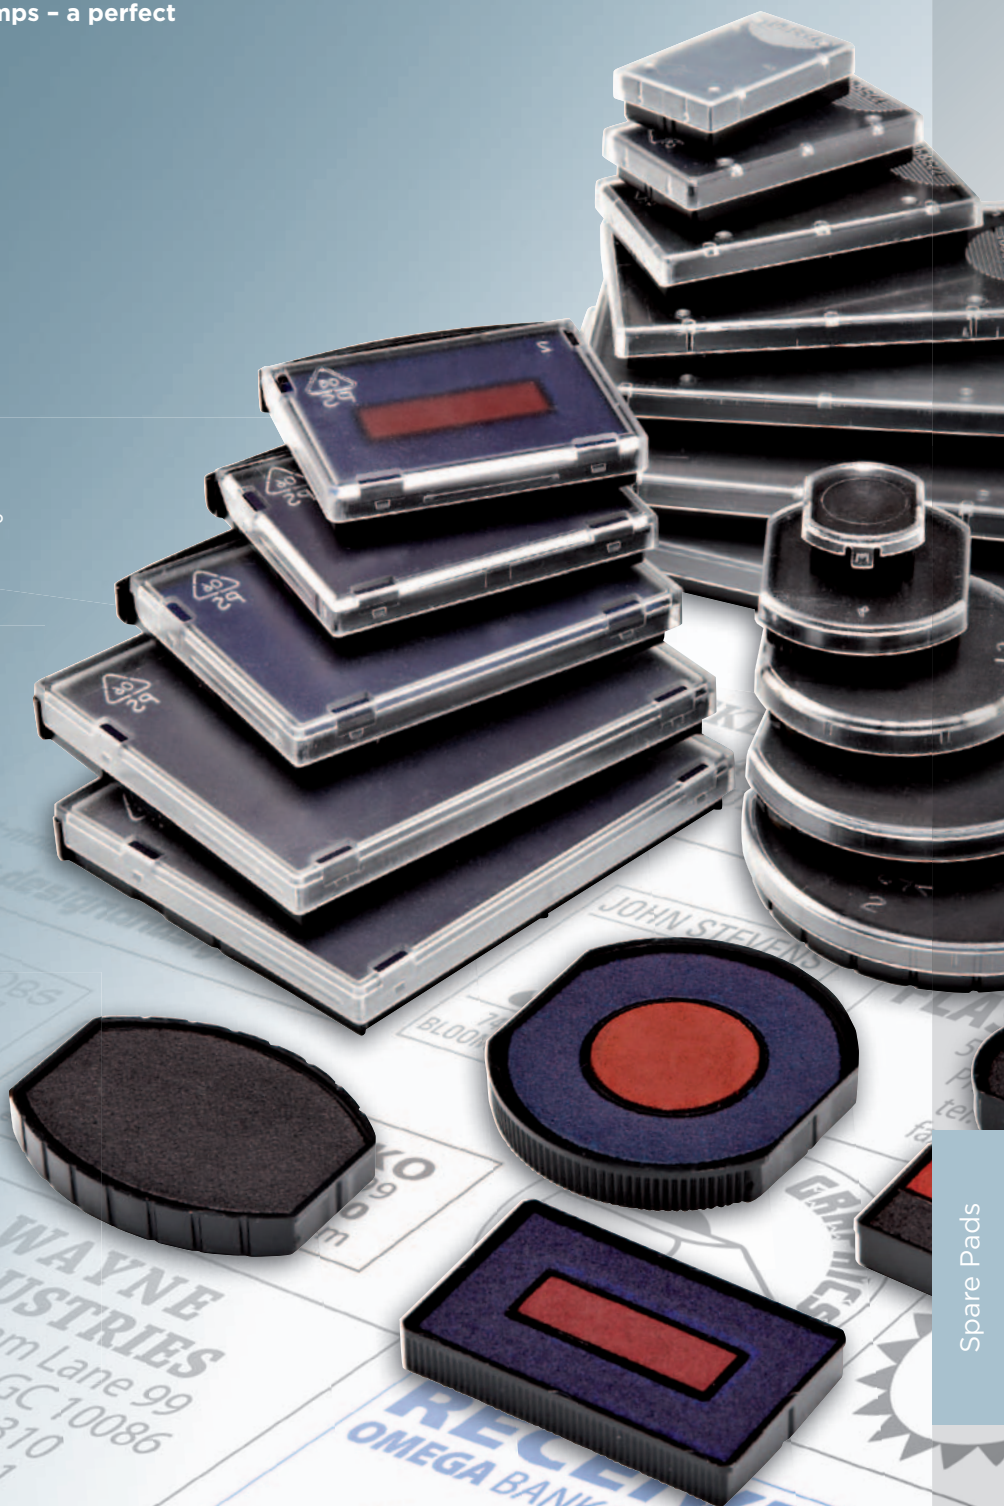

- Document proof
- Non toxic
- Anti dry out formula

Available in 5 standard colours

Also available: 2-coloured imprints in red and blue

Colop Spare Pads	
The inks used in COLOP® pads for self-inking stamps are tested and certified as permanent, document-proof ink according to DIN (Deutsche Industrie Norm) ISO 14145-2.	
Do not reink

Felt Pads

Spare pads are also available as felt pads, with the exception of those marked with *. Felt pads are used for special inks like oil or solvent based inks, i.e. COLOP Quick Drying Ink 802.

Ink Pads for Other Models

COLOP offers a wide range of ink pads for stamp devices from other manufacturers. Further details are available upon request.

Band Stamps

Tradition in reliable quality

Traditional rubber stamps with deep moulded bands for use with a separate stamp pad. Available as date stamps or numbering stamps.

Economical and functional - available in many different sizes and character measures

A sturdy metal frame makes this band stamp a long-lasting marking device

Special character bands are available for the majority of the models

Ergonomically designed handles for comfortable use
