**Recyclable** packaging can be separated, collected, processed and then manufactured into a new product.

**Recycled** packaging is produced from recovered materials, therefore protecting natural resources.

**Compostable** products undergo a biological degradation process in a commercial facility meeting strictly specified criteria, leaving no visible or toxic residues within 90 days (**EN 13432 standard**) unless otherwise stated.

**Biodegradable** materials break down through the action of natural micro-organisms. This process is influenced by time, sunlight, air and moisture.

compostable

new for 2015

The three packs in the Zest range are made from **printed Kraft effect board** for an authentic and natural look. As well as being fully compostable (**certification EN13432**), biodegradable and recyclable, the materials used enhance the performance of the packs in chilled cabinets, keeping freshly made salads, tortillas and sandwiches looking attractive and appetising. The baguette bag, cups and lids, are also made from compostable materials, and complement the Zest range.

# terms & conditions of sale

1. In these terms and conditions ("Terms"), the word "Goods" shall refer to any products and services to be provided by the Seller to the Buyer as agreed between them.
2. The Seller is Colpac Limited, registered in England and Wales with company number 00326182, Enterprise Way, Maulden Road, Flitwick, Bedfordshire, MK45 5BU which shall sell the Goods and the Buyer is the person, firm or company which shall buy the Goods from the Seller. These Terms form the basis of the contract between the Seller and the Buyer. No variation of or addition to these Terms and no term or condition not set out herein shall be binding on the Seller unless the same is made in writing and signed by a director. In the event of any inconsistency or conflict between these Terms and any terms and conditions of the Buyer, these Terms shall prevail.
3. QUOTATIONS: Any quotation provided shall be subject to written confirmation by the Seller following receipt of an order from the Buyer and all prices quoted are exclusive of VAT.
4. TERMS: a) The Buyer shall pay for the Goods within 30 days of delivery and the time of payment is to be of the essence of the contract.  
b) If the Buyer refuses to accept or take delivery or collection of the Goods for any reason the Seller may, at its entire discretion, elect to give the Buyer notice of its intention to treat the Goods as delivered, such that the Buyer's obligation to pay for the goods in accordance with clause 4(a) is triggered.  
c) In the case of contracts involving more than one delivery, if the Buyer fails to make the required payment to the Seller on the due date for any one of the scheduled deliveries, the Seller may, at its entire discretion, treat the contract as repudiated by the Buyer and claim damages.  
d) No cancellation of any order or part of an order will be accepted after the Buyer has signed an order except by mutual written agreement and then only on terms which will fully indemnify the Seller. Any Goods returned without the written consent of the Seller will be refused. The Seller reserves the right to cancel any order placed by the Buyer or to make any alteration to the specification of the Goods ordered if such cancellation or alteration is necessitated by any cause beyond the Seller's reasonable control whether such cause exists at the date of the order or not. Without prejudice to the foregoing, the Seller reserves the right to change the design of any component parts of the Goods.
5. DELIVERY: a) Where a contract provides for one single delivery, Goods shall be delivered and accepted as soon as ready.  
b) For all bespoke orders placed by the Buyer with a combined volume in excess of 50,000 units (i.e. the total order could be made up of orders for several designs), we will deliver 50% of this total order on completion of manufacture. The remainder will be delivered within 8 weeks of the first delivery so long as the Buyer has paid for the first 50% of the order in accordance with clause 4 above. For all bespoke orders where the order quantity is less than 50,000 units, the Seller shall deliver the whole order to the Buyer on completion of manufacture. If the Buyer refuses to take delivery of any of the Goods, the Seller reserves the right to charge the Buyer £10 per pallet per week or part thereof until such time as the Buyer takes delivery, in addition to treating the Goods as delivered in accordance with clause 4(b) above, such that the Buyer's obligation to pay for the Goods in accordance with clause 4(a) is triggered, together with interest in accordance with clause 16(a) below.  
c) Each delivery shall constitute a separate contract and any failure or defect in any one delivery shall not vitiate the contract as to remaining deliveries.  
d) Any completion or delivery date given by the Seller is an estimate only and shall not be or become a term of the contract or any contract collateral hereto. Any such completion or delivery date is given without any legal commitment, and the Seller shall not be liable for breach of any warranty or representation which may have been made in the course of negotiation in relation to a completion or delivery date.  
e) The Buyer will accept delivery of the Goods ordered hereunder notwithstanding that delivery of all or part is made after the estimated delivery date.  
f) Without prejudice to the generality of clause 4, the Buyer shall not be entitled to cancel an order or part of an order by reason of any failure by the Seller to deliver, or the Buyer to collect, any Goods comprising a part of that order.
6. QUANTITY VARIATIONS: A shortage or surplus, charged pro rata, not exceeding 10 per cent, will be considered due execution of any order.
7. The Seller shall not be liable to the Buyer in respect of any failure to deliver in total or in part where this results from any failure of any supplier of the Seller to deliver on time to the Seller, or from any other cause or event whatsoever which is not under the direct control of the Seller.
8. All specifications, drawings and particulars of weight and dimensions submitted by the Seller to the Buyer are approximate only.
9. BUYER'S REQUIREMENTS, PRINTING AND CONSTRUCTION: a) Any alteration made by the Buyer to the original specification of Goods on and after first proof (including alterations in style or construction) will be charged extra by the Seller. Proofs of all work may be submitted for the Buyer's approval and no responsibility will be accepted by the Seller for any errors that have been accepted by the Buyer.  
b) The Buyer shall be solely responsible for the matter which the Buyer instructs the Seller to print on the Goods or for any design or construction which the Buyer supplies and instructs the Seller to execute and for any claim by a third party arising therefrom.

d) All materials used in the manufacture of the Goods are a plus or minus 5% thickness tolerance compared with the material thickness specified
10. SAMPLES: a) The contract between the Seller and the Buyer is not a contract for sale by sample, and the conditions implied by section 15 of the Sale of Goods Act 1979 and section 5 of the Supply of Goods and Services Act 1982 are hereby expressly excluded from this contract.  
b) Whilst every endeavour will be made to supply material in accordance with the quality of sample submitted and quoted for this cannot be guaranteed.
11. a) The Seller shall not be liable for defects in, or damage to the Goods supplied to the Buyer or for any such Goods being in any other respect not in accordance with the contract, unless the Buyer notifies the Seller of the matters complained of in writing within 14 days of delivery of the Goods. The Seller shall not be liable for any latent defects in any Goods delivered to the Buyer unless written notification of any such defect is given to the Seller by the Buyer within 14 days of the defect coming to the attention of the Buyer. The Seller may at its sole discretion repair or replace any Goods so notified to it which are defective, damaged or in any other respect not in accordance with the contract.  
b) Save as provided by clause 11c, the Seller's liability in respect of Goods which are defective, damaged or in any other respect not in accordance with the contract is limited to (as the Seller may elect at its sole discretion) either giving the Buyer reasonable credit for the same or repair or replacement in accordance with clause 11a above. The Seller's maximum liability cannot in any circumstances exceed the invoiced value of the Goods sold and proved to be defective, damaged or in any other respect not in accordance with the contract, and the Seller shall not be liable for any expenditure incurred by the Buyer in respect of such Goods nor for any loss of profit nor any indirect special or consequential loss or damage to the Buyer or any other person.  
c) Nothing in these Terms shall limit or exclude the Seller's liability for death or personal injury caused by the Seller's negligence.
12. Where assembly and/or installation are affected by the Buyer, the Seller's shall not be liable for any damage or loss or expense of whatsoever nature arising from improper, faulty or incorrect assembly and/or installation.
13. TITLE a) All sketches, origination work, dies, cutting tools, typesetting, artwork, film, positives, negatives, transparencies and printing plates remain the property of the Seller for 6 months after the order is executed unless written arrangements are made to the contrary.  
b) The title in the Goods supplied shall remain vested in the Seller until all monies payable by the Buyer to the Seller for the Goods have been paid in full (in cash or cleared funds).  
c) If a Receiver is appointed over any of the assets or undertaking of the Buyer, or if a winding-up order is made against the Buyer, or the Buyer goes into voluntary liquidation or enters into administration (whether out of court or otherwise) or calls a meeting or makes any arrangement or composition with its creditors or any analogous proceedings or procedure or commits any act of bankruptcy, or is otherwise insolvent or ceases or threatens to cease to trade, then all monies due to the Seller from the Buyer for the Goods shall become immediately due in full. In such event or if payment for the Goods is not made in full on the due date, the Buyer grants the Seller, its agent and employees an irrevocable licence of any time to enter upon the land or premises of the Buyer to recover the Goods.  
d) Until all monies payable by the Buyer to the Seller for the Goods shall be paid in full (in cash or cleared funds):  
i) the Buyer shall store the Goods in such a way that they are all clearly the property of the Seller and are readily identifiable as such; and  
ii) the Buyer shall be not entitled to sell or otherwise transfer property in the Goods to any third party.  
e) The Buyer's property when supplied to the Seller will be held at the Buyer's risk.  
f) On termination of these Terms, however caused, the Seller's (but not the Buyer's) rights contained in this clause 13 shall remain in effect.
14. Notwithstanding paragraph 13 above, risk in the Goods shall pass to the Buyer on delivery to the site. Any return of the Goods or part thereof to the Seller's premises by the Buyer shall be at the risk of the Buyer unless such Goods are carried by the Seller, its agents or carriers in which case the Goods shall be at risk of the Seller. In the case of contracts including assembly, Goods and materials are deemed to be delivered on delivery to the site and they are stacked stored and assembled at the Buyer's risk.
15. The Buyer undertakes that the site for delivery of the Goods shall be readily accessible when the Goods are delivered.

Notices may be served in person or by first class recorded delivery and shall be deemed served at the time of delivery.  
b) No waiver by the Seller of any breach of contract by the Buyer shall be considered a waiver of any subsequent breach of the same or any other provision.
