

Zignago Vetro

Zignago Vetro

Being a national and international leading company for over fifty years in the field of high quality glass packaging, Zignago Vetro SpA produces, in the two glassworks situated near Florence and Venice, over one and a half billion containers a year, which are directed to the Food & Beverage as well as to the Cosmetics & Perfumery markets.

Experience and deep knowledge of the glass manufacturing art, together with a constant renewing and anticipation of emerging trends, make Zignago's offer be the right match between a classical style and an original one and between reliability and innovation.

Its wide range for the Cosmetics & Perfumery includes containers for nail polish and for skin care, cream jars and perfume bottles.

Besides the realisation of private projects, Zignago Vetro is specialized in the research and development of standard products which are always available and ready to be customized according to customers' needs. The service is completed by the latest lacquering and printing solutions and by high quality accessories.

Zignago Vetro Group has been growing since 2002 thanks to the acquisition of Verreries Brosse SAS, premier French leading company in the production of high quality perfume bottles and of Huta Szkla Czechy in 2011, Polish glass factory, which offers a wide range of standard and customized containers for the Food & Beverage and for the Perfumery mass market.

Protagonista da oltre cinquant'anni del mercato nazionale e internazionale del packaging in vetro di alta qualità, Zignago Vetro SpA produce, nei suoi siti produttivi situati in prossimità di Firenze e Venezia, oltre un miliardo e mezzo di contenitori l'anno destinati ai settori delle Bevande & Alimenti e della Cosmetica & Profumeria.

L'esperienza e la profonda conoscenza dell'arte vetraria, il continuo rinnovamento e l'anticipazione delle nuove tendenze fanno sì che la proposta di Zignago sia la giusta coniugazione tra classicità e originalità, tra affidabilità ed innovazione.

La vasta offerta di contenitori per Cosmetica & Profumeria comprende flaconi per smalto, per la cura della pelle, vasetti per creme e flaconi per la profumeria.

Oltre allo sviluppo di progetti privati, Zignago Vetro propone un' ampia gamma di prodotti standard, sempre disponibili a magazzino e personalizzabili con le più innovative soluzioni di laccatura e serigrafia. La fornitura di accessori di alta qualità completa il servizio.

Nel 2002 il Gruppo Zignago Vetro si è ampliato con l'acquisizione della Verreries Brosse SAS, società francese leader nella produzione di flaconi e bottiglie di lusso per i mercati della profumeria e distilleria. Dal 2011 è venuta a far parte del Gruppo la Huta Szkla Czechy, società vetraria polacca specializzata nella produzione di flaconi standard e personalizzati destinati al mercato della Bevande & Alimenti e Profumeria mass market.
