## P100 C-wrap

The P100 C-Wrap is a fully automatic labelling system designed in response to the request of the meat packing industry to enable multi-pack stacking and eye level shopping to encourage easy label reading.

Three panel, full wrap and top label packs can be easily handled by the C-Wrap including chicken, beef, pork in a wide range of pack types and sizes including whole birds and irregular shaped packs and labels.

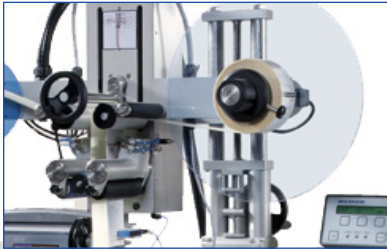

The C-Wrap can be used as a stand alone machine or fully integrated into your production line as part of a fixed or catch weight system.

# PremierP100 C-Wrap

Featuring our proven and reliable stepper motor technology, driven transfer belts, powered rewind, quick release adjustments and 300mm diameter diameter label reel discs as standard.

Optional fully integrated thermal transfer printers can be easily linked to fixed or catch weight weigh price systems. A Siemens PLC control system and touchscreen HMI allow the C-wrap to be quickly and easily set-up.

The variable speed conveyor features easy to adjust product guides and quick change food quality transport belts. An optional integrated pack turner can be easily integrated to correctly orientate packs prior to labelling.

## Features

- UK GAMP quality
- Siemens PLC control system
- Stepper motor driven label head
- Powered rewind
- 260mm driven transport belts
- Integrated 300mm wide variable speed conveyor
- TFT Touchscreen HMI

## Technical Data

Max pack dimensions	340mm x 120mm*
Max label size	160mm x 390mm*
Conveyor width	300mm / 400mm
Max conveyor speed	42 m/min
Printing area	70mm x 53mm / 70mm x 104mm
Label Reel Size	300mm Ø / 76mm core
Max Speed	Upto 35m/min
Electrical	230V single phase 50/60Hz
Compressed air	60/80psi 6 bar (if coder fitted)
Overall Dimensions (LxWxH)	1200mm x 600mm x 1880mm
Operating height	850mm +/- 40mm
Weight	Approx 300Kg

## Options

- Integrated thermal transfer printer
- Front/Rear tuck kit
- Pack turning unit
- Link to fixed/catch weight system
- 425mm full wrap transport belts
- 400mm wide split belt conveyor
- Blow down mechanism
