

Epson SurePress L-4033AW

The 7-colour Epson SurePress L-4033AW inkjet digital label press with white ink makes high-quality, short-run label printing easier and more efficient. Delivering exceptional print quality and accurate colour reproduction on a wide variety of standard label substrates, the L-4033AW enables label converters and commercial printers to expand their service offering and improve profitability.

Epson's SurePress AQ ink-set now includes white ink for solid, opaque white printing on materials such as clear film and metallic substrates. Users have the flexibility of printing white first or last.

To deliver a wide colour gamut for precise colour matching and accurate reproduction of spot/speciality colours, the ink-set also includes green and orange inks. The difference is especially noticeable in the bright green to yellow and yellow-orange-red portions of the colour space, with higher colour saturation and lifelike shades that make labels more eye-catching. SurePress AQ ink offers excellent adhesion to standard label substrates without the need for pre-treatments or coatings.

To provide maximum uptime, printhead maintenance is automated, and ink cartridges can be replaced without stopping the press. The L-4033AW is kinder to the environment, as it does not require chemicals, plates or films, and its inks are water-based.

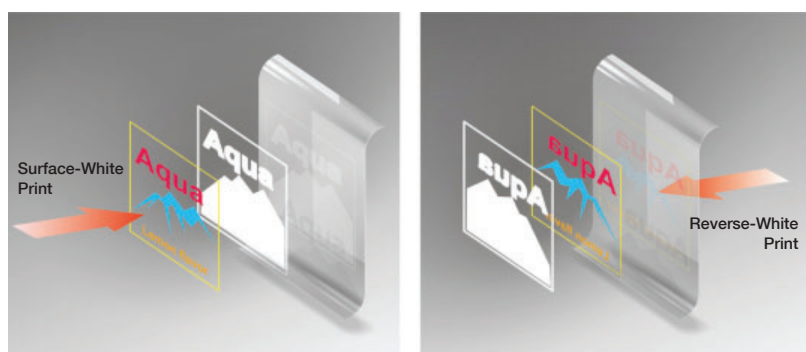

DATASHEET

The ink-set includes white ink for solid, opaque white printing on clear film and metallic substrates.

KEY FEATURES

- Inkjet digital label press with white ink for high-quality, short-run label printing
- White ink for solid, opaque white printing on clear film and metallic substrates
- Delivers exceptional print quality and accurate colour reproduction on a wide variety of standard label substrates
- Epson SurePress AQ ink-set includes green and orange for a wide colour gamut, precise colour matching and accurate spot/speciality colours
- Can print white first or white last for flexibility

The L-4033AW provides the flexibility of printing white first or white last.

EXCEED YOUR VISION

PRODUCT SPECIFICATIONS

PRINT TECHNOLOGY	Epson Micro Piezo™ inkjet technology
RESOLUTION	720×720 dpi, 720×1080 dpi, 1440×720 dpi (for paper), 720×1440 dpi (for film)
INK TYPE	SurePress AQ Inks
CARTRIDGES	White, Black, Uncoated Black, Cyan, Magenta, Yellow, Orange, Green, Over print liquid, Moisture liquid, Storage liquid
WEB WIDTH	80mm to 330.2mm adjustable to support any width in this range
IMAGE SIZE	315.2 × 914.4mm maximum
PRINT SPEED	Up to 5 meters per minute at 720×720 dpi (on paper)
SUBSTRATE SUPPORT	Standard self-adhesive label substrates Semi-gloss, gloss and matte paper stock, BOPP, PET and Yupo
SUBSTRATE THICKNESS	100 to 320 microns
UNWINDER CAPACITY (Max.)	100kg weight / 1,000m length / 600mm diameter with 76mm inner core
NETWORK CONNECTIVITY	Ethernet 1,000 Base-T
DIMENSIONS OF PRESS (W×D×H)	3,788 × 1,847 × 1,828mm (Excluding Rewinder)
DIMENSIONS OF REWINDER (W×D×H)	1310 × 900 × 1,000mm
POWER REQUIREMENTS	Input voltage range: Rated voltage ±10% (180–220V) Rated voltage: AC (3 phases 3 lines) 200V

INK CARTRIDGES

- White
- Black
- Uncoated Black
- Cyan
- Magenta
- Yellow
- Green
- Orange
