P A C K A G I N G

Message from the President

Our success for over 65 years is due to the fact that we challenge ourselves every day to meet the growing demands of the marketplace in a constantly changing world. As global companies continue to source products and services overseas, Vipac has added sales and administrative offices as well as factories around the world to meet customer's logistical needs for on-time delivery and administrative service. Yet our quality control standards and high level of customer service remain the same. We'll keep moving forward and growing by always focusing on the needs of our worldwide customers.

Who We Are

Vipac specializes in custom and in-stock plastic packaging for a variety of industries including home fashions, health & beauty, sporting goods, and apparel. Vipac also produces and markets consumer products for the home and custom retail packaging through our Closet Complete and Prime Line Packaging divisions. We manufacture in Shenzhen, China, Ho Chi Minh City, Vietnam and headquarter our main corporate office in Edison, New Jersey. Additionally, we have administration and sales offices around the world, including China, India, Pakistan, Turkey and Vietnam.

Our History

Vipac was founded in 1947 and today ranks as a leading international packaging company. We're proud to be a 3rd generation family-owned business. Vipac pioneered the first vinyl zipper bag for the home fashions industry in 1970. Since then, and many innovations later, Vipac has grown into one of the largest suppliers of packaging and products in the world. We are continually searching for the right product, at the right time, for the right price.

Looking to the Future

The future is filled with major challenges. But as a company, we have always taken on difficult challenges with huge success. Our worldwide capabilities in sourcing have maintained our standards in delivering the highest quality product for the very best price. The future of Vipac has never looked as bright.

World Class. World Famous. Worlds Ahead.

Vipac Packaging Makes All the Difference in the World

As one of the oldest and most respected packaging companies in the world, Vipac offers:

- Superior quality
- In-stock inventory
- Highly competitive pricing
- Innovative design solutions
- Excellent customer service
- Worldwide reach

Vipac is the recognized leader in the green effort, launching a reusable vinyl bag program in 1992 and offers an extensive line of eco-friendly packaging and retail products.

When you think of packaging, think of Vipac.

Vipac Passes Certification Test in China

As seen in **HTT**

Vipac employees at its facility in Shenzhen, China

Most expansive PVC bag production line in China

Our corporate and manufacturing complex in Ho Chi Minh City, Vietnam

EDISON, NJ – Vinyl products manufacturer Vipac has been awarded the Cal Safety Compliance Corporation (CSCC) certification after passing an unannounced detailed and comprehensive inspection of its 1,500 employee manufacturing facility in Shenzhen, China. This certification is awarded to manufacturers worldwide in recognition of meeting basic international labor practices and standards.

After a 3-day inspection and compliance evaluation, Vipac's facility met CSCC criteria regarding child labor standards, wage and hour minimums, working conditions, gender bias and disciplinary practices, as well as recommended health and safety requirements.

The review was made at the request of Kmart for its Martha Stewart Everyday program. The facility has also met the manufacturing compliance standards of other major retailers such as Walmart, Target and Home Depot.

Our new corporate and manufacturing complex in Ho Chi Minh City, Vietnam

EDISON, NJ – Vipac is expanding its manufacturing capabilities to Ho Chi Minh City, Vietnam. This means our customers can expect the same high quality product with added savings and increased service worldwide.
