

Friendly & Safe™ Prescription Vials and Closures

Quality and Reliability in Every Dose

Our Friendly & Safe™ vial and closure solutions for retail pharmacy make it easier for you to deliver your best to your patients with every dose. All vials and caps are compliant with USP light-resistant and CPSC child-resistant and senior-friendly requirements.

Features & Benefits

- Clear Picture™ vials offer optimal visibility and protection from light degradation
- Custom imprinting available on white child-resistant closures
- One-piece, lug closure design offers excellent protection
- Closure features improved rounded window area to enhance comfort and usability
- One-piece, non-threaded closure design optimizes efficiency and security during manual and automated filling processes

Improved closure enhances comfort

Choice™ closures are reversible to be used as a child-resistant or a snap-on lid
