Agribale 13µm and 16µm are thermally stabilised but not UV stabilised.

Agribale reels are supplied on cardboard cores with an internal diameter of +/- 7,5 cm.

Agribale reels are individually packed a protective plastic sleeve and stacked on wooden pallets.

Agribale reels are provided with a core label that mentions width, thickness, reel length and reel identification number.

Agribale pallets are provided with a pallet label that mentions production- and pallet number, width, thickness, reel length, colour, reels/pallet and production year.
