# SILOTITE®

SilotitePro 2000 offers farmers and contractors several benefits including more bales per reel, time savings and less spoilage.

- Greater reel length\* > **higher output**
- More bales per reel\* > **saves time**
- Less packaging material and thinner film > **reduced plastic consumption**
- Recyclable ^ > **recycle sleeve with film**

## Technical Specifications – SilotitePro 2000

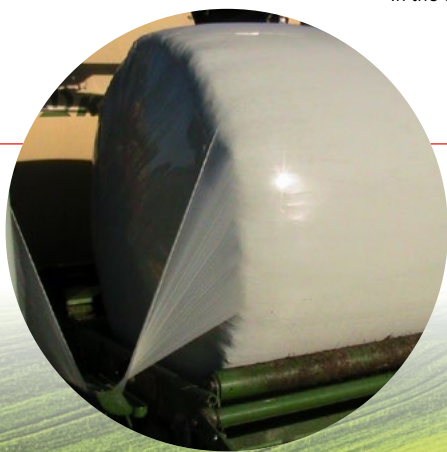

| Width (mm) | Thickness (µm) | Length (m) | Packaging | Colors Available |
|------------|----------------|------------|-----------|------------------|
| 750mm      | 20µm           | 2000m      | Sleeve    | Green    White   |

In the unlikely event of a problem each reel of Silotite Pro is individually labelled to ensure 100% traceability.

SilotitePro is manufactured in ISO 9001, ISO 14001 and ISO 45001 accredited manufacturing facilities.

\*Compared to Silotite Original 25µm, 1500m film.
