

## 6 Mil / 4 Year / Clear Superior Strength

### The Durability and toughness you need

Super 4™ is a super clear, super tough, longlife product that provides the best value in a 6-mil, 4-year greenhouse film. Super 4™ is also available with 55% white opacity in selected sizes.

### Benefits

- Outstanding light transmission, haze, and clarity ratings help optimize yield in greenhouse applications.
- A unique manufacturing process and advanced resin technology provide Berry bpi agriculture's films with superior tear strength.
- High strength at folds reduces the likelihood of punctures and tears in critical areas.
- Advanced UV stabilizers maximize physical properties for the rated life of film and help protect film from chemical damage.
- Bee compatibility feature allows more of the UV spectrum to pass through the film, making it easier for bees to navigate and achieve more efficient pollination than with mechanical means.

### Performance Guarantee

Super 4™ is guaranteed to withstand 48 months/4 years of UV exposure under normal circumstances.

Opacity Added Properties	Film Life (years)	Gauge (mil)	Clarity (%)	Haze (%)	Light Transmission (%)	Thermicity (%)
<b>Clear</b>	4	6	80	23	91.5	55
<b>55%</b>	4	6	32	100	45	~55
