

REVolution™

MACHINE FILM

Part of the BCircular Range

Reduced Carbon Footprint*

Revolution™ Premium Performance Stretch Machine Film provides high clarity, high-speed unwind, excellent cling and puncture resistance, no outside cling, and overall containment.

Features & Benefits

- Exceptional puncture and tear resistance
- Cling layer provides optimal tack levels but unwinds easily
- True non-cling outer layer
- Excellent load containment

Applications

- B and some C loads, ability to down-gauge for A loads
- Optimal pre-stretch range: 250%–300%, depending on thickness and application
- All equipment types, including rotary arm and high-speed

Bmore

circular solutions

The B Circular Range is a testament of Berry's customer promise and our ongoing commitment to delivering sustainable solutions supporting your goals.

- Recycled Plastic**
Products that are manufactured using recycled content that can range up to 100% recycled plastic.
- Reuse/Refill**
Refillable solutions increase the reusability of our products.
- Renewable**
In some cases, fossil fuel feedstocks can be replaced with renewable resources like forestry residue, used cooking oils and more.
- Improved Recyclability**
Design changes that follow the RecyClass and APR guidelines can deliver products that are more compatible with recycling systems.
- Reduced Carbon Footprint***
A product's carbon footprint can be lowered by reducing material usage and designing with circular plastics.
