

FORTITUDE[®]

HAND FILM

Part of the BCircular Range

 **Reduced Carbon Footprint***

Fortitude[®] offers an exceptional pallet wrapping experience for challenging loads. It provides an opportunity for sustainability advantages and cost savings by using a lighter gauge film than conventional hand wraps. Fortitude uses approximately 20% less materials, which results in a 20% reduction in CO₂ emissions.

Features & Benefits

- Great film stiffness
- Reinforced edges, air entrapment, and oscillating wind
- Easy to handle rolls

Ideal for

- Warehouse and distribution centers
- Cold and freezing wrapping environments
- Grocery
- Extreme “C” loads

Excellent puncture and tear resistance

Uses ~ 20% less material than conventional hand film

Strong holding force

Bmore

circular solutions

The B Circular Range is a testament of Berry's customer promise and our ongoing commitment to delivering sustainable solutions supporting your goals.

- Recycled Plastic**
Products that are manufactured using recycled content that can range up to 100% recycled plastic.
- Reuse/Refill**
Refillable solutions increase the reusability of our products.
- Renewable**
In some cases, fossil fuel feedstocks can be replaced with renewable resources like forestry residue, used cooking oils and more.
- Improved Recyclability**
Design changes that follow the RecyClass and APR guidelines can deliver products that are more compatible with recycling systems.
- Reduced Carbon Footprint***
A product's carbon footprint can be lowered by reducing material usage and designing with circular plastics.
