

This month, Asia is honored with our client Guangyuan Shubei.

One of our unavoidable model, the Dorica, used for bottling this olive oil.

A pure design, a simple and natural stamping... For an olive oil 100% BIO.

Our customer Guangyuan Shubei bottled its oil in our Dorica bottle, with a light and fine screen printing, which underline its product before everything.

In green glass color, the bottle is underlined in an olive print case, showing only the essence.

More information regarding our customers and their products in our website and social networks.
