

MessFree Dropper Bottle

Unveil the elegance of skincare routines.

What's NEW and what's it for!

The MessFree Dropper Bottle looks like a syringe but offers a much more elegant usage for skin care users. For daily usage, it's easy to hold and use single-handedly.

The pump mechanism works for

- 💧 lotion
- 💧 essential oil
- 💧 premium serum
- 💧 plant-based extracts in gel format

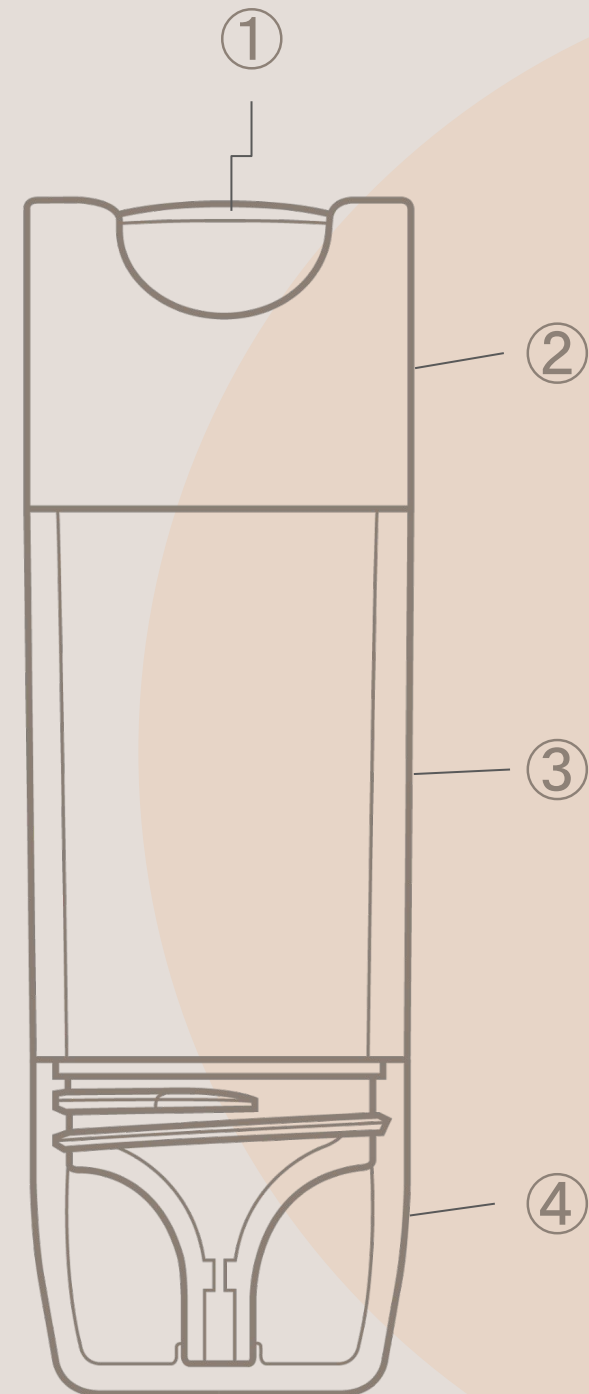

How to use

The pump is mounted on the top with a push button for thumb pressing. With a gentle press, it releases serum off the nozzle part of a dosage 0.2 CC.

15 ml MessFree Dropper Bottle
