

PCR PET.

sugarcane BIO-PET

One-Hand-Open

PET Kilner Jars

Best bathroom pal for bathing salt, body exfoliators, hot spring onsen powder, and more.

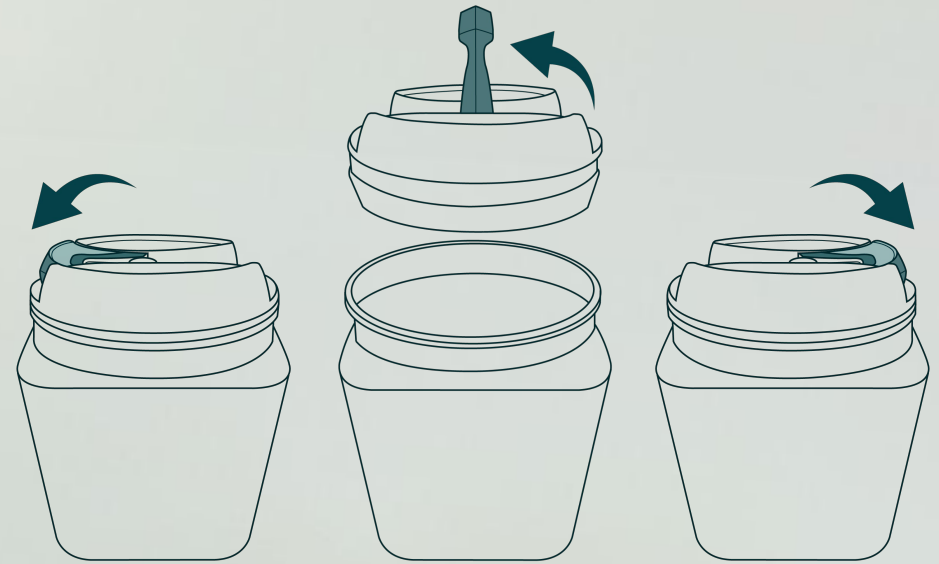

The airtight, refillable, reusable, recyclable PET Kilner Jars have a major update on the closure.

The latest One-hand-open PET Kilner Jars have two-way opening air-blocking airtight lids offering easier access with the utmost protection possible from moisture and air of daily usage.

Made of FDA-certified food grade PET.

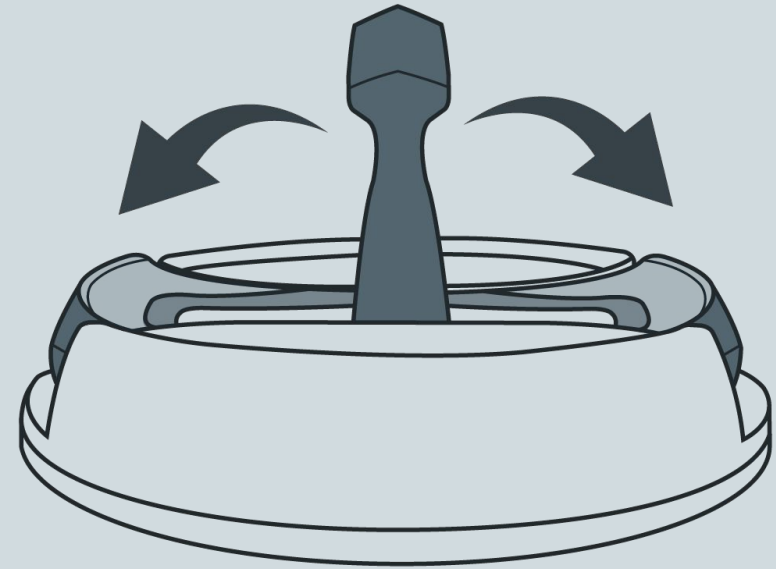

Two more sustainable options are available.

- ✓ PCR PET, post-consumer recycled
- ✓ BIO-PET, byproduct of sugarcane production

Two-way flipping airtight closure

- * Two-way flipping airtight closure
- * One-handed opening & closing
- * Shelter products from moisture and air
- * Leak-proof
- * Shatter-proof
- * Stackable
