A gentle, light body mist, a soft-toned breeze of eau de toilette, or a long-lasting eau de parfum of perfectly balanced blends are to bring pleasant scents to users.

Working with known brands to create perfumery products, **SR Packaging** provides excellent sprayers to ensure users enjoy a kiss of bliss in the air.

EXCELLENT FRAGRANCE SPRAYERS.

- ★ leakage-free mechanism
- ★ smooth, fine mist

Fragrance sprayers are to atomize perfumes, eau de toilettes, colognes, or body mists made of blends of essential oils, aromas, solvents, and water. Durability, dosage accuracy, and fine mist are vital to good performance.
