- Custom sizes available
- Any colors and graphic can be printed on a CT closure in our own lithography plant.
- Emboss/Deboss methods are another custom option that can boost the appeal of the product.
- Available liners include, pulp/poly, pulp/vinyl, pulp/aluminum, pressure sensitive, heat induction, and plastisol. We also stock a 70G gold/buff with a high heat plastisol for hot filling of foods over 190° F (89° C).
