

TINPLATE Continuous Thread / Screw- Technical Specifications

Cosmetic

The Continuous Thread / Screw closures offer the traditional design of manually closed caps. Tecnocap closures are made from tin-plated and tin-free steel.

The most popular size CT is the 70G, a 70 mm CT with a nominal 450 finish widely used across many industries such as food packaging and candles. Most common applications are also for health and beauty products, pharmaceuticals, shoe care products and hobby care.
