

Ondupad® edge and angle sections

The optimum edge and angle protection,
produced from 100% recycled paper

Ondupad® edge and angle sections

Ondupad® edge and angle sections as well as inner packagings offer optimum protection for your products. They are produced from 100% recycled paper and thus make a useful contribution to protecting the environment. Together with a cardboard external packaging Ondupad® offers you the advantage of a 100% mono-material solution.

Details of Ondupad® edge and angle sections:

- Available in U and L sections in any required dimensions
- No tooling required
- Special tailor-made corner pieces and edge sections available
- Sections available with easy-to-use tear-off perforation
- Impact-resistant, perfect shock-absorbing qualities
- High stacking pressure resistance
- Suitable for packaging vulnerable (electronic) products from 25 G
- Highly flexible Edge Guard model; easily adapts to product contours
Minimal thickness also helps to save weight
- Standard range of corner guards available
