VICBAG

GROUP

First reusable bag manufacturer in the world

THE VICBAG GROUP

Since our creation in 1984 and the introduction of the world's first reusable bag, the 'SUPERBAG', the VICBAG Group is now the world's market leader for reusable carrier bags. The VICBAG Group was the first manufacturer and distributor of reusable bags. For 30 years we have constantly changed our products and designs in order to meet with our clients' needs. Thanks to our vast network of subsidiaries, the VICBAG Group now supplies the majority of the world's largest hypermarket and supermarket chains and has a real global presence.

The VICBAG Group offers an extensive range of products and is uniquely focused on the reusable bags market. Our experience enables us to offer our clients an expertise and know-how from which they can benefit from the best available prices. We have developed exclusive Partnerships with many Asian factories which enable us to fulfil our clients needs and respond quickly to their demands.

We are able to meet our customer's expectations by providing high quality manufacturing, excellent customer service, on-time delivery, controlling the production costs and having local Quality Control Managers who will carefully check all goods before they are exported.

REASONS TO USE REUSABLE BAGS

OUR PRODUCTS

Vicbag has developed its product range to adapt to the constantly changing market place. We are able to offer bags in materials such as woven polypropylene, non-woven polypropylene, nylon, cotton, jute, juco and RPET bags.

We have a vast factory network with many Associates and Exclusive Partners throughout Asia & Europe and with their help we are able to control:

- The sourcing of the raw materials
- Verification of the bag specifications (dimensions, thickness, folding, sewing, etc.)
- Order deadlines

All our factories are certified and regularly audited by independent international organizations (SGS, Intertek, Group Veritas) to ensure that they meet with Social, Health and Environmental Compliance Standards. Many of our factories are BSCI members and comply with ISO9001/2000 standards. All Vicbag products comply with the European Commission's REACH regulations as well as the LFGB requirement.

PRINCIPAL CLIENTS

Vicbag works with many other the world's largest supermarkets and retailers such as: Wal-Mart, Auchan, Carrefour, Metro Group (Makro), Leroy Merlin, Lidl, FNAC, Aldi (Portugal), Ahold, Casino, Tok&Stok, Dia, OBI, K-Payt, DIM, Arkadia, plus many others.

CUSTOMISED SERVICE

All our bags are custom-made to meet our client's needs.

- **100% Customised:** We can incorporate any logo and design that you may desire!
- **Reusable:** We use high quality materials which are both durable and highly resistant.
- **Eco-friendly:** Vicbag uses recycled and recyclable materials.
- **High Quality Printing:** Silk screen, full colour or heat transfer.

- **Finishing Options:** For bags with full colour printing we can use matt or shiny lamination which will give extra durability as well as provide water resistance.

- **Accessories:** Velcro, push-button and zipper closing options, eyelets, reinforced bottoms, handles with tube fitting, bottle holders, inner pouch, plus many more.

MARKETING

Reusable bags can be used as a powerful marketing tool and are an excellent way to promote your Company or Brand. Compared to other forms of advertising our bags will give you the opportunity to turn your customers into walking adverts at a relatively low cost. Our products can be used as give-away goodie bags at Exhibitions and Conferences. They can also be used to promote your Companies Eco-friendly image. We can assist you in choosing the bag material as well as help you create a promotional bag which has eye catching artwork and a stand-out logo.

SUSTAINABLE DEVELOPMENT & SOCIAL RESPONSIBILITY

Every year, billions of plastic bags are used throughout the world. On average, each bag is used only 20 minutes and it then takes 400 years for it to completely decompose!

Choose to opt to use reusable bags as part of your Green policy and work together with Vicbag to help protect the Environment:

- **Reusable bags can be used over 100 times and have much longer life cycle than plastic carrier bags. This will help you lower your Company's carbon footprint and will reduce the damage made to the environment.**
- **Vicbag uses leftover & other recycled material and produces bag that are made from recyclable materials and can offer bags that are 100% recyclable.**

GO GREEN!

Improve your image, maximize your exposure and increase your revenue!
