

# MORE THAN PET

Wellpac started in October, 2008 with PET bottles & jars, but now **PET** here means more.

## P

**Product**----Range from heavy wall PET jar, PP jar, closure, foaming pump as well PET bottle.

**Pre-audit factory, inline product monitoring and final product inspection.**

**Purchasing**---- We have been sourcing and purchasing variety of relative qualified packaging products to match our own components so as to provide seamless integrated product to our valuable clients. Our engineers and QC team are well trained and experienced to support above processing operate effectively.

**Performance**----We are co-operating with both domestic and foreign brand cosmetic companies.

## E

### **Entrepreneurship**

With our innovative and diligent sprit, growing with our employees and clients as well return to society what we achieve.

### **Efficiency**

We have been striving for high efficiency from the very beginning of founding to enhance speed, profit and success for us and our partners.

### **Equipment**

Wellpac is equipped with injection machines, automatic blowing machines, silk screen printing , pad printing, thermal printing, hot stamp, ultrasonic welding, automatic label application machines and automatic assembling for pumps. We provide injection and blowing mold development.

## T

### **Target**

To be better more than clients expect, grow and success with our clients and our employees.
