

Cristal jars

Made of colors

NEWSLETTER 06

Cristal jars: elegance made of plastic.

The elegant collection Cristal, among the most successful ones of Vetronaviglio, is completed by a series of plastic jars, enriching itself with all the advantages of **versatility**, lightness, colors and finishes that only the **plastic** can offer. They will indeed be available in every **color** and in various **finishes**, from opaque to shiny, to translucent.

The jars Cristal are proposed in the following capacities and finishes:

75 ml - jar and lid matte finishing

100 ml - jar and lid matte finishing

200 ml - jar and lid matte finishing

250 ml - jar and lid matte finishing

500 ml - jar glossy finishing - 3 lids with shiny, matte and satin finishings.

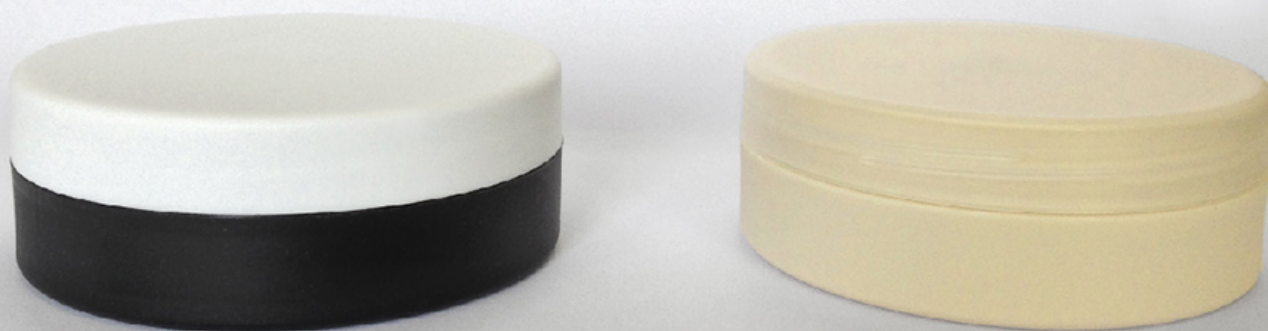

Cristal jars 75 ml

Available in matte finishing (opaque or translucent). Sizes: diameter 71 mm, H 41 mm
Lid Madison

Cristal jars 100 ml

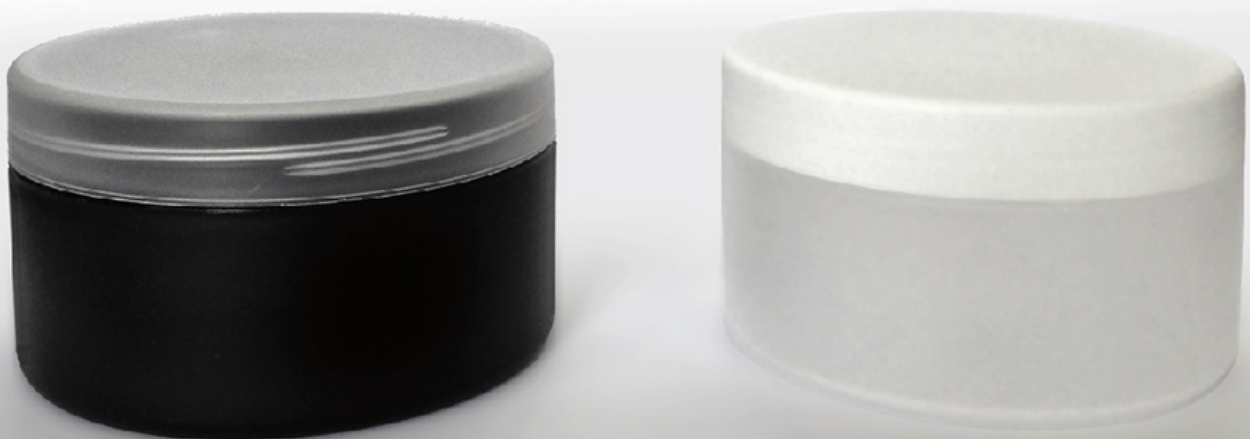

Available in matte finishing (opaque or translucent). Sizes: diameter 92 mm, H 36 mm
Lid Madison

Cristal jars 200 ml / 250 ml

Available in matte finishing (opaque or translucent). Sizes: diameter 92 mm, H 53 mm
Lid Madison

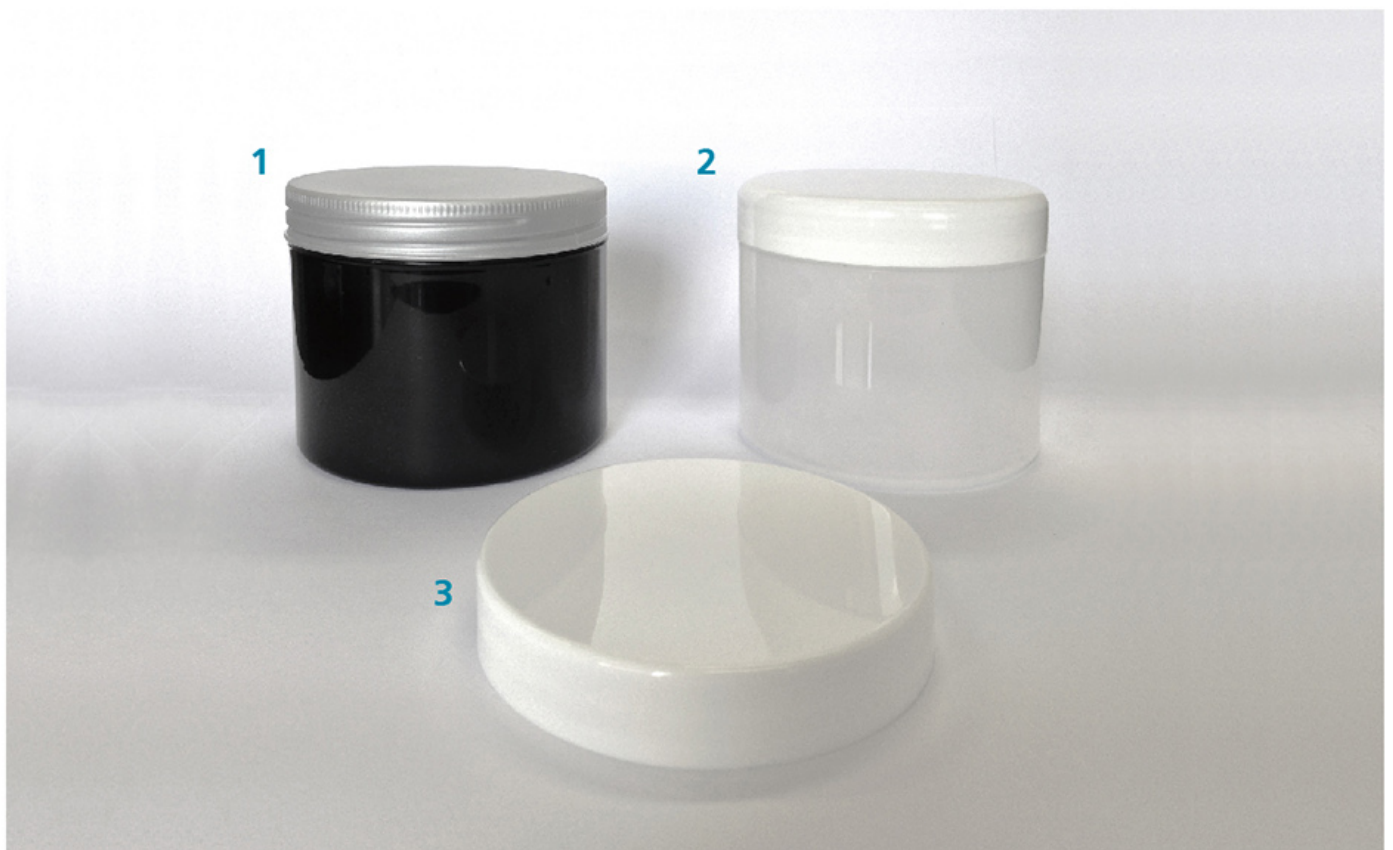

The same jar can contain 200 ml or 250 ml of bulk, based on the chosen shive.

Cristal jars 500 ml

Available in shiny finishing (opaque or translucent). Sizes: diameter 100 mm, H 89 mm

Three available lids: **1** Saturno *satin* - **2** Aurora *satin* or *shiny* - **3** Madison *shiny*
